Dear :

STAT

Thank you for your letter of 29 July 1948 on behalf of your brother, .

We have instituted a policy in CIA of not considering any individual for employment who is employed at time of application by another Government agency unless a written release from such agency is presented at the time of application. We will inform your brother to this effect and will consider his application should he present such a release.

I appreciate the interest in this Agency which prompted your recommendation.

Sincerely,

Signed
